

A "Homeowners Project Approval Request" is required for all roofing materials (except cedar wood shakes), including those listed below.

ALL RE-ROOFING Projects (except cedar wood shakes) REQUIRE PRE-APPROVAL FROM THE ACC.

Complete Project Request Forms must be submitted and approved before roof installation can begin.

Detached Structures (storage sheds and gazebos) must be re-roofed with same material as house.

CKS/E Roofing - Alternatives to Cedar Shake Shingles
