

## CKS/E Approved Roofing Materials

**All reroofing projects (except cedar wood shakes) require pre-approval from the CKS/E ACC.**

**Completed Project Request forms must be submitted and approved before roof installation can begin.**

**Detached structures (storage sheds and gazebos) must be re-roofed with same material as house.**

**No asphalt, laminated asphalt or fiberglass roofing products are allowed.**

**Note: See CKS/E Consolidated Covenants Rules and Regulations on [www.cksehoa.org](http://www.cksehoa.org) for complete roofing requirements.**
